IN SCIENZE BIOMEDICHE

# SEMINARIO: MUSCLE PROTEIN METABOLISM IN HEALTH AND DISEASE

**lunedì 23 gennaio 2017**

**Aula M – piano rialzato est**  
Polo Vallisneri - Viale G. Colombo, 3

**Ore 15.00**

**prof. Paolo Tessari**

University of Padova

**Protein turnover and ageing: focus on specific metabolic pathways"**

**Ore 15.30**

**dott. Amalia Gastaldelli**

Institute of Clinical Physiology, CNR

**Muscle-liver cross talk and amino acid metabolism**

**Ore 16.00**

**prof. Gianni Biolo**

University of Trieste

**Protein turnover and muscle inactivity**

**Ore 16.30**

**prof. Elena Volpi**

University of Texas - Galveston

**Regulation of protein metabolism by exercise and nutrition in aging**

**Ore 17.00**

**prof. Rado Pisot**

Science and Research Centre Koper, Slovenia

**Conclusions: Physical activity and diet to preserve muscle function  
and mass in aging**

La S.V. è cortesemente invitata.

Prof. P. Bernardi

Prof. C. Reggiani
