VISA REQUIREMENTS

A Visa is a conditional travel document granted by a territory to a foreigner, allowing them to enter, remain within, or leave that territory. Visa applications must be submitted online through the **University platform**; passport must instead be submitted to the Italian Embassies/Consulates in the Country of residence, that are in charge of issuing the visa. Upon arrival you will have to apply within 8 days for the Italian resident permit.

In order to enrol at the University, non-EU citizens should contact the Italian Embassy/Consulate in their own Country of residence in order to obtain a student visa. The Embassy/Consulate will issue an entry visa for study purposes to applicants who have been admitted. Do not enrol with a tourist visa. Only students with a student visa are eligible for enrolment. Please inform the PhD Office if you have any difficulties obtaining a visa or your date of arrival has been delayed. For more information, visit the [website](#).

TAX CODE

The Italian tax code (*codice fiscale*) is an alphanumeric code which allows Italian authorities to identify every individual. The tax code is essential if you need to sign a contract in Italy, open a bank account, or access various public services (including health services).

The tax code is issued by the Italian Revenue Agency (*Agenzia delle Entrate*). The PhD Office will request a tax code on your behalf and forward it to you once ready. Please note that it may take several weeks. Your tax code is unique and will never expire. Once obtained, it may be used if/when you return to Italy.

EQUIVALENCE OF FOREIGN QUALIFICATION

You can attend a PhD Course only if the academic qualification awarded abroad is equivalent to a second-cycle Italian degree (*Laurea magistrale a ciclo unico - Laurea magistrale*) awarded at an officially recognized foreign academic institution, which grants admission to a PhD course in the education system/Country in which it was awarded (except for significant differences). When enrolling, you will be asked to attach an *Attestato di comparabilità e verifica del titolo estero* (Statements of Comparability and Verification) produced by CIMEA. Alternatively, you can attach the Diploma Supplement if your qualification is awarded in an EU Country (or in any of the Countries taking part in the Bologna Process) or Declaration of Value in case the qualification is awarded in a non-EU Country. Information on the *Attestato di comparabilità del titolo estero* is available [here](#) ; whereas on the Diploma Supplement [here](#) . For further information on the Declaration of Value, visit the [web page](#) .
